VOL. XXIV, NO. 98 GAINESVILLE, FLORIDA, SUNDAY, JUNE 2, 1907 TEN CENTS A WEEK

HEAVY RAINS CAUSE FLOODS IN LOUISIANA

Thousands of Dollars' Worth of Damage Done.

GULF WATER IS BLOWN INSHORE

People Are Refugeeing from Cameron Parish, Much of Which Is Under Water—No Loss of Life Is Yet Reported.

Lake Charles, La., June 1.—Flood refugees are coming into Lake Charles from Cameron parish, a county of nearly 1,500 square miles, much of which is under water from record-breaking rains, rising rivers and a wind which has blown the Gulf of Mexico water inshore.

Nine families on a special train came from the Sulphur Mine district, where about $10,000 damage has been done. No loss of life has been reported.

Steamboat passengers who arrived here after having passed through Cameron parish, via Calcasieu river, which divides the parish nearly in two from north to south, reported as far as eye could reach on both sides the parish was under water running in an almost level sheet to the gulf. They said that in some places a small steamer could have navigated over what was rich rice and pasture lands a few days ago. Stock raising, one of the principal industries of the parish, is threatened with great loss. Many cattle which have been taken to the highest ground possible, are, nevertheless, half immersed in water. The population of the parish was about 4,000 in 1900.

The southern portion of Catcalscu parish, which lies north of Cameron, is also flooded. An 8-inch rain fell in and about Lake Charles, stopping street railways and forcing many persons to wade thigh-deep to their business. Bridges are under water at many points.

BATTLE WITH DESPERADO.

One Hundred and Fifty Shots Fired in Running Fight.

Princeton, Ind., June 1.—After holding a posse of 50 officers and citizens at bay for two hours, a desperado was captured near Mt. Carmel, Ills., after he had been wounded four times and was so weak from loss of blood he was unable to shoot. He refuses to give his name. He went to Mt. Carmel and displayed three navy revolvers and several new knives to a gang of mussel diggers, who notified officers, two of whom attempted to arrest him but failed.

Later he was sighted in a woods north of Mt. Carmel by a posse of officers and citizens, headed by Sheriff Moore, and a running battle resulted in which at least 150 shots were exchanged. The desperado had two big revolvers and shot at every man in sight, but wounded none. He was wounded four times, one ear and his nose being shot off, and other dangerous hurts sustained. He will probably die from his wounds.

Rear Admiral Retires.

New York, June 1.—Rear Admiral Joseph B. Coghlan retired from the service and the command of the Brooklyn navy yard Frday. He will be succeeded by Rear Admiral Caspar F. Goodrich. Admiral Coghlan's time of service expired several months ago, but owing to the important work in hand he has been required to remain at the yard for a time longer. He will live in New York for the present.

Suicides Upon His Wife's Grave.

Paris, Ky., June 1.—Crazed with grief following the death of his wife, Dr. James Kirtley Jameson, aged 27 years, formerly of this city, committed suicide at Waukesha, Wis., by shooting himself through the head when lying across her grave. His father, Dr. J. W. Jameson, received a telegram while he was at the supper table, notifying him of the suicide.

GOULD'S DOMESTIC TROUBLES.

Whole History Likely to Come Out When Case Is in Court.

New York, June 1.—When Howard Gould is haled into court to answer the suit for separation brought by his wife, formerly Miss Katherine Clemmons, it is likely that his brothers George and Frank will be called to testify in his behalf. It was announced Thursday by an intimate friend of Mr. Gould that although it would be extremely distasteful to members of the family to appear in court, the two brothers had expressed their willingness to do so.

From present indications it seems assured that the whole history of the domestic troubles of Howard Gould and his wife will come out when the case is finally taken into court. Mr. Gould himself says that there will be no change in the present plan of procedure; that he will face the charges of his wife in court and will retaliate by plain speaking in regard to her conduct during the years they lived together. Mrs. Gould is equally emphatic in asserting that she will conceal nothing and that she will accept no settlement before the case comes to trial.

Howard Gould's reply to his wife's suit will not be made public at least until June 6, which is the limit allowed by law. Mr. Gould's reply, which is now ready to be filed, is a volumnious document, almost as large as the budget containing the bill of complaints served upon him through counsel a fortnight ago.

WANTED TO SEE OPERATION.

Wonderful Nerve Displayed by Boy Whose Arm Was Amputated.

Berlin, June 1.—A 14-year-old boy here has astonished the prominent surgeon, Baron Von Eisleberg, by the remarkable grit he displayed in undergoing an operation. The boy's arm had to be amputated. He refused to take an anesthetic brought up, and wanted to see the operation. He resisted all the persuasion of the surgeon who ultimately yielded. The boy did not wince and made no sound throughout, but watched the surgeon's work with keen attention. He said afterwards that the sight was so interesting it was well worth the pain.

Dr. Von Eisleberg recognized his pluck by giving him a watch.

ON WELFARE WORK.

Committee Has Been Appointed by Department.

New York, June 1.—For the purpose of improving the working conditions of Federal, State and municipal employees, a national committee on welfare work for government employes has been appointed by the welfare department of the national civic federation. Secretary of War William H. Taft is chairman of the committee, of which Governor John C. W. Beckham, of Kentucky; Mayor George W. Guthrie, of Pittsburg, and William R. Wilcox, postmaster of this city, are chairmen.

Of the many improvements, the need of which is indicated by complaints of public employees, the welfare department has paid considerable attention to the establishment of emergency hospitals in government buildings. Many of the unfavorable conditions, as has been shown repeatedly, are due to the fact that the business of the government had more than doubled in some departments within the last few years.

Cedrino Breaks Record.

New York, June 1.—Cedrino, the Vanderbilt cup driver, broke the 10 mile record for middle weight cars at the Empire City track Thursday, covering the distance in 19 minutes, 47 1-5 seconds. The previous record was 10 minutes, 12-5 seconds, held by Berrine. Cedrino continued on to 15 miles and covered the distance in 14 minutes, 45 seconds, which is also a world's record for middle weight machines.

Franco-Japanese Treaty.

Paris, June 1.—The Berlin correspondent of Le Matin says that M. Cambon, the French ambassador, has visited the German minister of foreign affairs and communicated the basis of the Franco-Japanese treaty.

THIRTY THOUSAND REBELS UNDER ARMS

Revolt In China Spreading to the Towns.

NUMBER ABOUT 117,000 MEN

Practically the Entire Personnel of the Marchant Marine as Well as Longshoremen Are Inscribed in the Naval Reserve.

Amoy, China, June 1.—An insurrection has broken out 40 miles to the southward from Amoy.

Thirty thousand rebels are under arms, and are slated to be well led. The revolt is spreading to the towns near Amoy. The town of Fu Chow is sending 8,000 troops to deal with the uprising, and warships are expected here shortly.

The American consul at Amoy, Mr. Paddock, cabled to the state department at Washington May 28 announcing that an armed uprising had been reported at Joan, 50 miles south of Amoy, that several officials had been killed by soldiers and that the trouble was unknown.

COMMISSION IS ENJOINED.

New Freight Rate in North Carolina Meets With Objectors.

Asheville, N. C., June 1.—Judge Pritchard granted another injunction against the corporation commission of North Carolina on petition of the Carolina and Northwestern Railway company, which road runs between Chester, S. C., and Lenoir, N. C. The road has about 73 miles of trackage in this state, and a restraining order was entered returnable at this city on the 27th of June next, restraining the commission from putting in operation the passenger and freight rate act recently passed by the legislature of this state.

The allegations of the complaint on which the injunction was issued are similar to those on which the Southern, Norfolk and Western and stockholders of the Atlantic Coast Line secured similar injunctions, and are in brief that the rate reduction is so excessive that the railway will be deprived of any return from its property.

Parts of New Orleans Inundated.

New Orleans, June 1.—Severa extensive sections of New Orleans on Friday were under one to four feet of water from the heavy rains. Nearly all rain water has to be pumped out of the city streets owing to the low level of the land and although big underground ditches and an expensive pumping plant has been established the rainfall is so unprecedented that the pumps cannot handle it all at once. About three inches of rain fell before daylight Friday morning.

Accident Charged to Moterman.

Elyria, O., June 1.—C. M. Forney, motorman of a Cleveland and Southwestern Traction car, was arrested in Cleveland early on Friday and brought to Elyria to answer to the charge of being responsible for the death of seven persons, killed in a traction accident here Thursday, and for the injury of eight more persons, several of whom will probably die. He pleaded not guilty before the mayor, and was bound over in $5,000 in default of which he went to jail.

Price of Thread Advanced.

New York, June 1.—The interests controlling the thread industry have advanced the price of thread 11 cents per dozen spools of thread and the dealers throughout the country have taken material notice of the raise. Dealers say the price will be put up one cent per spool.

Fire Loss of $130,000.

Kingston, N. Y., June 1.—Fire, which started in the wholesale and retail drug store of Elting & Schhoomaker in Wall street Friday, burned out that store and the adjoining store of Herman Marbleston, clothier and W. Scott, Gillespie, wholesale grocer. Loss estimated at $130,000.

GEORGIA BAR ASSOCIATION

Congressman Champ Clark Addresses the Assemblage.

Savannah, Ga., June 1.—The annual convention of the Georgia Bar Association was called to order at the Hotel Tybee, on Tybee island, Thursday morning, with a large attendance of members present. Many of the leading lawyers of Georgia were in the assemblage.

The convention was called to order by Judge A. L. Miller, of Macon, president, and Orville A. Park, of the same place, sat as secretary. Reports of several committees were received and then came the principal feature of the morning session, the address of Honorable Champ Clark, congressman from Missouri. "The Country Lawyer as a Factor in Public Affairs" was the subject of Mr. Clark's address, and he treated it with a classic touch. His address abounded, too, in humorous anecdotes.

NEGRO AND WHITE MAN GUILTY

Jury Convicts Them of the Murder of Reese Jones.

Buchanan, Ga., June 1—The jury in the case of Ben Adams, white, and Hilliard Lee, negro, charged with the murder of Reese Jones, a white man, after being out all night, came in at 9 o'clock Thursday morning with a verdict of guilty and recommending life sentences.

The evidence, which was all circumstantial, showed that Jones, Adams and Lee were all together, drinking and cursing on Sunday afternoon and night, that they left the home of David Wright at 8:30 p. m. and shots were heard at 9 o'clock near the place where Jones' dead body was found Monday morning.

The defendants promptly made motion for a new trial.

Not Believed in Savannah.

Savannah, Ga., June 1.—Men in Savannah prominently identified with the naval stores business received with incredulity the story from New York that the Standard Oil company has secured large tracts of pine lands in Georgia, Florida, and other southern states with the view of controlling production of turpentine and resin. Factors say that there is such a great number of individual operators and large tracts have already been so cut up that there is no field for endeavor, such as the report has the Standard engaged in. One man said he is familiar with some large timber deals made recently, and that the Standard is not in them at all. Turpentine rights, he said, were reserved by the sellers.

Falling Tree Kills Hunter.

Cartersville, Ga., June 1.—While coon hunting near Emerson, Ga., a few miles from Cartersville, Collins Henson, the 20-year-old son of Bartow Henson, was caught under a falling tree and crushed to death. Young Henson was accompanied by a negro and when the dogs "treed" a coon the two proceeded to chop it down. As the tree fell the negro ran some distance and as he turned around saw Henson was missing. He ran back and found he had been caught under the falling tree and was dead. The negro ran 2 miles to secure assistance, and the party then returned and removed the tree from the body.

Will Meet Next at Albany.

Athens, Ga., June 1—Albany was selected as the place of the next meeting of the Georgia League of Municipalities. The following officers were selected: President, J. A. Sims, of Richland; first vice president, H. V. Colvard, of Dalton; second vice president, John W. Maddox, of Rome; third vice president, T. H. Fincher, of Fort Valley; secretary and treasurer, Bridges Smith, of Macon, elected for life.

Appointed Georgia Sponsor.

Richmond, Va., June 1.—Major General Andrew J. West, commanding the Georgia division, decided to appoint Thursday a sponsor and maid of honor to represent the state of Georgia and named Miss Jeanette Swift as sponsor and Mrs. Willis Jones, of Atlanta, as maid. This action was taken after consultation with General Stephen D. Lee.

FRENCH COMMERCE MAY BE PARALYZED

Strike of Sailors Belonging to the Naval Reserve.

WARSHIPS ARE TO BE SENT

American Consul Cables State Department at Washington of an Armed Uprising at Joan—Several Officials Were Killed.

Paris, June 1.—French commerce is threatened with complete paralysis as a result of the general strike of sailors belonging to the naval reserve which went into operation Friday at all the ports of France.

The naval reserves comprise almost the entire maritime population devoted to seafaring life. They number about 117,000 men, of whom 25,000 belong to the war fleet. Practically the entire personnel of the merchant marine as well as the longshoremen are inscribed in the naval reserve. The executive committee of the National Seamen's union ordered the strike because the members of the union regard the government's new bill increasing pensions from $40.80 to $72.50 in the case of seamen and from $156 to $200 in the case of captains as being inadequate.

The reports thus far received indicate that the tie-up is complete. At the Mediterranean, Atlantic and the channel ports the crews generally left their ships. The government promptly ordered the army transports at Marseilles to be placed in commission in order to insure a mail service between France and her African possessions, but the transportation companies were taken by surprise and are at the mercy of the strikers.

The officials of the French trans-Atlantic company hope that the vessel LaProvence will be able to sail from Havre Saturday, but they are not certain that she will be able to do so.

Generally the companies are in a position to coerce the men, as being members of the naval reserve the crews are subject to heavy penalties for insubordination, but it is regarded as more likely that they will try to effect a compromise.

FRED BUSH ON TRIAL.

Atlanta Man, Charged with Sending Infernal Machine, Faces Charge.

Atlanta, May 31.—Fred Bush, the man who is charged with having sent an infernal machine to the home of Mrs. McCarthy, which wrecked the house and severely injured Mrs. McCarthy, was placed on trial in the criminal branch of the superior court Thursday.

The case is a most sensational one and the court room was packed.

Fifty-seven talesmen were called before a jury could be secured.

The principal witnesses are Chas. Doolittle, Bush's business partner, and Mrs. McCarty, the lady who came near being killed by the explosion of the bomb.

Some very sensational testimony is being offered.

Cocaine-Crazed Negro Runs Amuck.

Baton Rouge, La., June 1—Crazed by cocaine and armed with an ax, a negro, named Jone Poston, who says he is from Indianapolis, Ind., where he is wanted for murder, ran amuck and held at bay a squad of policemen, headed by Chief of Police Hire, a crowd of citizens and officers from the sheriff's office for over an hour. He was captured only after he was shot in the arm by the chief of police.

Mississippi Primary.

Jackson, Miss., June 1.—The Democratic state executive committee met on Thursday and fixed Thursday, Aug. 1, as the date for the first primary to nominate senatorial, state, district and county officers. It is expected 12,000 votes will be polled. All contests are to be settled, including the senatorial race between Governor Vardaman and Congressman John Sharp Williams.

NEWS OF CITY AND COUNTY CONDENSED

J. H. Kelley, formerly with the Chase naval stores interests at Hague but now residing at Paradise, was in the city yesterday. Mr. Kelley is an expert naval stores man, and his services are valuable in this direction.

W. B. Turner has returned from a brief business trip to Evinston and other points. He states that the melon and cucumber movements from the sections visited is heavy, and that the growers appear to be receiving good returns.

R. Hudson, postmaster and merchant at Newton, Levy county, has returned to his home, after a business trip to Gainesville. Mr. Hudson is one of the most progressive citizens of his county, and has enjoyed fine business success.

Arthur Voyle has returned from DeLand, where he has been attending the commencement exercises of Stetson University. Mrs. Voyle, who accompanied him, will remain in DeLand for several days longer with her parents, Mr. and Mrs. McDonald.

J. C. Haile of Alachua, one of the most successful farmers in the county, was in the city yesterday greeting his numerous friends. Mr. Haile states that his section was visited by a fine rain Friday and Friday night, which was a great help to the growing crops.

Information has been received in this city of the death of Mrs. Mary Strickland, sister of Mrs. A. E. Wittstock, which occurred at Clearwater on Sunday, the interment being Monday. Friends of Mrs. Wittstock sympathize with her in this hour of bereavement.

Commencing tomorrow J. Manasse will offer special bargains in all lines. The sale continues all the week. His stock is a complete and varied one, and special sales at his store are always attended by large crowds. Read his advertisement elsewhere in this issue.

William Anderson has returned from Highland and other points, where he has been for the past two or three days repairing some line work and other defects for the Southern Bell Telephone Company. Mr. Anderson is an expert when it comes to electrical work, and his services are constantly in demand.

Will open hotel Blueheights June 15th—want 100 guests. This hotel is located on the top of the Blue Ridge, the highest railroad point in Georgia; 56 feet higher than Asheville N. C., 650 feet higher than Mount Airy, and 2,300 feet above the sea. For further information address D. W. Johnson, Passover, Rabun Co., Georgia.

Harry Coe of Tampa, who has been here attending the University of Florida, was among the last of the students to leave. Mr. Coe returned to his home Friday. He was delighted with Gainesville, the University and "things in general," and declared he will be glad when the time comes for the opening of the fall term of the University.

Miss Lila Fraser of Arredondo, the popular principal of the Arredondo school, was in the city for a few hours yesterday, being en route to her home in Alachua, where she will spend Sunday. Miss Fraser has given excellent satisfaction at a teacher, both to the patrons and pupils, all of whom regard her very highly. They hope to have her back again next term.

Drs. Wm. Mitchell, Harry L. Pearce and R. C. Bowers, three promising young dentists, recent graduates of leading dental colleges of the country, expect to make their departure today for Atlantic City, where the Florida Dental Association will be in annual session. These young men expect to go before the examining board to take their examination, which is a form required in this State.

Attention is called to the advertisement of The G. W. Hyde Company, who are about to begin the second week of the great early summer sale. At this sale there will be many bargains of remarkable note, and those in need of anything in dry goods, ready-to-wear goods, etc., will do well to call and inspect the stock and make their purchases. This enterprising firm is also offering a great reduction in stylish millinery and men's furnishings.

R. J. Holly, for the past eighteen months business manager of The Gainesville Elevator, has severed his connection with that paper, and has gone to Orlando, where he has accepted a position as manager of The Orlando Reporter-Star. Mr. Holly is a good newspaper man, full of ambition and energy, and his friends feel sure that he will "make good" in his new position. While the people of Gainesville regret very much to see him leave, they will nevertheless wish him much success in his new venture.

Among those visiting the city is Captain Jack Hudson of Orlando, who gains his title rightfully by virtue of the fact that he holds a commission as commander of the Orlando Guards, is a graduate of East Florida Seminary, 1889, and during his time here was one of the most popular among the student body. He had many friends among the class of that period here, and all were glad to see him again. Captain Hudson is now representing W. H. Parker & Co., produce commission merchants, and his friends will be glad to learn that he expects to remain in this section for the next few weeks.

Engineer W. H. Porter of Waldo, one of the efficient employes of the Seaboard Air Line, who makes his headquarters in Waldo, was in the city yesterday. He was accompanied by his brother-in-law, Kenneth Harvey of New York, who is spending a while here. It will be remembered that a little more than a year ago Engineer Porter was in a wreck on the Wildwood-Orlando division of the Seaboard, in which he sustained injuries which incapacitated him for duty until a short time ago. He has resumed his duties, however, and his friends are glad to welcome him "back on the run."

PROF. M'BEATH HOME.

He Delivered Commencement Address at the Jasper Normal.

Prof. Tom F. McBeath, principal of the Gainesville Graded and High School, returned Saturday night from Jasper, where he went by special invitation to deliver the commencement address before the Jasper Normal Institute of which Professor Geo. M. Lynch is president and principal.

This is regarded as one of the best schools in the South, and the fact that Professor McBeath was selected to deliver the principal address is indeed an honor.

Prof. McBeath also delivered an address before the Stetson University at DeLand. He was invited to address the students of the college at DeFuniak, but other engagements prevented.

This Is An Important Week At

J. MANASSE'S DRY GOODS AND CLOTHING STORE

Beginning MONDAY, June 3rd

We offer the newest and most attractive stock of Fine Dry Goods, Clothing and Shoes ever brought to Gainesville. We make this entire week a season of unprecedented low values. Every department is full of the choicest things to be had.

THE G. W. HYDE COMPANY

East Fla. 5M

PAINTER WANTS $15,000 DAMAGES

W. J. Cauthern Wants L. C. Gracy to Pay Him for Alleged Injuries.

WAS PAINTING GRACY HOUSE

When He Fell from Scaffold Which He Declares in Bill of Complaint Was Not Securely Made—A Case Which Will Attract Attention.

An important suit has been entered in the Circuit Court of the Eighth Judicial Circuit in and for Alachua county, being a suit filed by W. J. Cauthern, a painter, against L. C. Gracy, for damage, the amount asked for in the bill of complaint being $15,000.

This case arises from injuries alleged to have been sustained by the plaintiff, W. J. Cauthern, in falling from a scaffold while discharging his duty as a painter on a house belonging to L. C. Gracy. The plaintiff alleges that the scaffold from which he fell collapsed in part, having not been securely erected.

At the time of the accident Mr. Cauthern was working at an elevation of twenty feet, more or less. From the result of the upturning of a board upon which he was standing, the said board being a part of the scaffold platform, he was precipitated to the ground, sustaining several broken ribs and a sprained back, which incapacitated him from duty for some time, and from which he alleges he has never recovered, leaving a defect in the back which prevents him from performing labor at his trade.

The case, which may be called up at the next term of the circuit court, promises to prove of unusual interest. Attorney B. A. Thrasher is representing the plaintiff in the premises.

COL. CHUBB RETURNS.

Has Been Attending Commencement Exercises at Rollins College.

Hon. Henry S. Chubb, register of the United States land office, has returned from Winter Park, where he has been in attendance at the annual commencement exercises of Rollins College, of which he is a trustee.

Col. Chubb spoke in the highest favor of the college and its faculty, declaring that there never was in the South a more successful or a more agreeable commencement exercises. "I desire to publicly compliment Rev. Thos P. Hay, pastor of the First Presbyterian church of Gainesville," Mr. Chubb said, "on the excellency and eloquence of his address on this occasion. It was one of the most masterly efforts I have ever heard, and the large audience was delighted as well as impressed, with the subject and the address. Dr. Hay made many new friends on his visit to Winter Park, and friends who will remember him for his eloquence and sincerity."

Col. Chubb states that this was one of the most successful terms Rollins has ever held, and the trustees and faculty feel greatly encouraged.

A NEW ISLAND

In Hillsborough Bay, Will Soon be Entered for Homestead Privilege.

The United States land office in this city has issued the following circular under date of May 31, which will probably prove of benefit to our readers:

"Notice is hereby given that an island in Hillsborough Bay, situated in Sections 27 and 34, Tp. 30 S., R. 19 E., containing 2.42 acres, has been surveyed under special instructions from the Commissioner of the General Land Office; and that the plan of survey will be filed in this office at 9 a. m. on the 1st day of July, 1907, and that on and after such day we will be prepared to receive applications to enter said island."

Honor to Dr. Hay.

Rev. Thos. P. Hay, pastor of the First Presbyterian church in this city, has returned from Winter Park, where he enjoyed the distinction of delivering the commencement address before Rollins College.

As was reported from Winter Park to The Sun by wire, the hall was crowded with people from every section of the State, and the address was one of the best and most eloquent ever heard in Winter Park.

Rollins honored Dr. Hay by conferring upon him the degree of Doctor of Divinity.

CAPTAIN PAUL IS HOME.

Visited Many Sections of West Florida and Southern Alabama.

Captain A. Paul, special agent of the United States land office, has returned from an extended tour through the extreme West Florida and South Alabama, where he has been looking after Government interests for the past month.

Captain Paul states that the people of West Florida are in a most prosperous condition at this time. They have been blessed with abundant rains throughout the entire crop season, with the result that the crops are looking fine, and promise an abundant yield.

"Not only are the crops looking fine," remarked Captain Paul, "but the probability of good yield gives encouragement to every line of trade and profession, with the result that the merchants are reaping a fine harvest of trade. The naval stores and lumber industries are also healthy, large forces are bing employed, and money is plentiful. In all, the people of West Florida, regardless of vocation or class, are proportionately in good condition."

Captain Paul states that he visited the naval stores farm of Henry Elliott, near Florala, Ala., on the Florida-Alabama line, from whence the town derives its name. This is one of the largest naval stores farms in Alabama working convict labor, and, having read so much of the convict and peonage cases, the farm proved of especial interest. He states that the convicts are well cared for, being provided with clean, comfortable quarters, and in all, the convicts are better cared for than many of them might be in their native homes, as far as quarters and food are concerned. While there is a strict military discipline, there is no hardship upon the prisoners, and after supper they are permitted with their banjos and guitars to enjoy themselves singing, playing and dancing.

Captain Paul talked with several of the convicts, all of whom stated that they were being treated finely, and that they had no grievance to make towards the management of the camp.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

MR. HARROD'S SUCCESS.

With Fennell's Dogs He Has Big Sport on Isthmus of Panama.

A friend of Ernest E. Harrod, a Gainesville boy who is now employed as a foreman of carpenter work by the Isthmian Canal Commission on the big canal at Bas Obispo, Canal Zone, has received an interesting letter, in which Mr. Harrod encloses an interesting picture, the result of a deer hunt in the vicinity of his camp.

This picture is all the more interesting, when it is learned that Mr. Harrod's dogs were purchased from Sheriff L. W. Fnnell of this city, and transported to Panama. The picture shows Mr. Harrod and another party with a stout pole upon their shoulder, from which is suspended an immense buck.

In his letter Mr. Harrod says:

"Fennell's dogs have not deceived me. I am sending you a picture of the result of my first hunt since returning to these parts. I have killed two deer and one wild hog since I returned, the fruits of two hunts. The buck you see in the picture weighed 152 pounds when killed, and had two small prongs."

Mr. Harrod, with his wife and baby, spent a few weeks here in the late winter, guests of the former's parents, A. F. Harrod. It was while here that he purchased the dogs from Mr. Fennell.

LASSITUDE.

Many of those who at this season of the year experience a feeling of lassitude attribute it to the fact that it is Spring, whereas the season itself is by no means the cause of the sensation. This, more often than not, say physicians, is due to the fact that the human system reaches a point in the Spring season when a thorough "cleaning up" is needed. The machinery of the body needs going over once in a while, just as does that of a factory. Neglected, the bodily functions become deranged, and one of the most common manifestations of this is constipation. This, especially in its chronic form, means that certain muscles of the body are not in condition to do their work properly, having become weak and inelastic. To overcome this condition is to cure constipation—not simply give relief to the sufferer—and for this purpose medical men of experience are using with great success a combination of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bi-Carbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. Of this a teaspoonful is administered at bedtime and before each meal, and this is continued until there is free movement of the bowels. Any good pharmacist can put up the preparation.

The First Automobile.

Whoever says Micanopy is behind the times needs a reprimand for uttering something which is not the truth. Even in automobiles the good people of that town do not intend to be outdone, and as soon as The Sun published a few days ago that Archer boasted of one of these modern conveyances, a couple of progressive citizens of Micanopy "got together," with the result that C. E. Melton and James Allison are now riding in a brand new, up-to-date Cadillac machine, which is the curiosity, as well as the pride, of the town.

This machine has just been received, and it is one of the most modern types of the Cadillac. There are several miles of good road leading out from Micanopy, and it goes without saying that the owners will get a great deal of enjoyment out of the investment.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

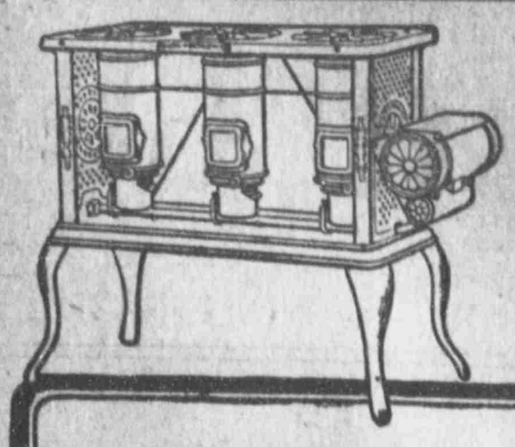
Men, Attention—Be wise; send for our sealed booklet—free and instructing. Only cure; enlarges parts. No medicine; no fake. So. Inst. Co., Box 433, Houston, Texas.

A Mild Laxative

Ask your doctor to name some of the results of constipation. His long list will begin with sick headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all.

We have no secrets! We publish the formulas of all our preparations.

J. C. Ayer Co., Lowell, Mass.



The New Oil Stove

Different from other oil stoves. Superior because of its economy, cleanliness, and easy operation. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

saves fuel expense and lessens the work. Produces a strong working flame instantly. Flame always under immediate control. Gives quick results without overheating the kitchen. Made in three sizes. Every stove warranted. If not at your dealer's, write our nearest agency for descriptive circular.

THE Rayo Lamp

POTATO SLIPS MOVE BY MILLIONS

T. K. Godbey of Waldo Making Big Thing of the Industry.

A SWEET POTATO EXPERT

Mr. Godbey's Products Have Become Recognized Throughout Entire South as Being of Exceptional Quality, and He is Shipping Slips by Millions.

There seems to be no end to the advantages afforded by Florida, especially this section, in either a commercial, agricultural or horticultural nature. Men have made fortunes in the vast forests and fields and commercial pursuits, and one of the most successful in the agricultural line seems to be T. K. Godbey of Waldo, who makes a business of raising sweet potatoe slips for the market.

This industry seems a peculiar one, in that it seems that farmers everywhere should raise their own slips, but they don't. A great many of them, not only in Florida, but throughout the Southern States, have been depending upon Mr. Godbey for their supply of plants for years, and they have not been disappointed.

Mr. Godbey knows the sweet potato business from one end to the other. He knows a good potato when he eats it, when he sees it or when he grows it. Perhaps his fondness for sweet potatoes has made him a specialist in this particular line, and he might properly be termed a "professor of tubarlogy," for this would be the most appropriate term.

Mr. Godbey's fame as a potato grower began about six years ago, when he began to ship a few plants, or slips, to customers in a limited territory. But his product gradually grew in popularity until now his entire time has been taken up in growing potato slips, and his shipments have been extended to all parts of the South.

To give an idea of the importance of the industry, it may be said that the shipments during the season will amount to an average of 3,000,000 a month. Mr. Godbey is making a good thing of the potato industry, which has also proved a good thing for Waldo.

DR. SLEDD TO ALABAMA.

Will Deliver Address Before the Southern University Tuesday.

Dr. Andrew Sleed, president of the University of Florida, left Saturday for Greenboro, Ala., where he has been invited to deliver an address before the Southern University Tuesday evening.

This is quite an honor, but one which Dr. Sledd will fulfill with credit to himself and the educational institution he represents.

Mrs. Sledd and the children go to Atlanta, where they will be the guests of Mrs. Sledd's father, Bishop Candler, during the summer. Prof. Sledd expects to return to Gainesville, and will remain here looking after the University and its interests until the opening in the fall.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Usual services at St. Patrick's Catholic church, except that the evening devotion has been changed from 7:30 p. m. to 4:30 p. m.

A CONFEDERATE POEM.

An Impressive Poem Written and Published in the Lost Cause.

Apropos the reunion of the Confederate Veterans in Richmond, a friend has handed to The Sun a beautiful poem entitled "With the Boys of the Sixties," which was dedicated to the Confederate soldier at the reunion in Louisville, and published in the "Lost Cause," a Confederate war record of Louisville during the reunion.

Following is the poem, which must prove of interest, especially at this time:

With the Boys of the Sixties.

Git my old knapsack, Mary, and my uniform of gray,
Git my battered helmet, Mary, for I'll need 'em all today.
Git my canteen an' my leggins'; reach me down my rusty gun,
For I'm goin' out paradin' with the boys of '61.

Never mind them blood stains, Mary, never mind that ragged hole,
It was left there by a bullet that was seekin' for my soul.
Just brush off them cob-webs, Mary, git the bonnie flag of blue,
For I'm goin' out paradin' with the boys of '62.

These old clothes don't fit me, Mary, like they did when I was young.
Don't you remember how neatly to my manly form they clung?
Never mind that sleeve that's empty, let it dangle loose an' free,
For I'm goin' out paradin' with the boys of '63.

Pull my sword belt tighter, Mary, fix that star beneath my chin.
I've grown old an' threadbare, Mary, like my uniform, an' thin.
But I reckon I'll pass muster, as I did in days of yore,
For I'm goin' out paradin' with the boys of '64.

Now I'm ready, Mary, kiss me, kiss your old sweetheart good-by,
Brush aside them wayward tear-drops: didn't think you'd cry.
I ain't goin' forth to battle, cheer up, Mary, sakes alive,
I'm just goin' out paradin' with the boys of '65.

SNOW IN OHIO.

George Ford's Friend Writes Him That it is Cold in the North.

George Ford, who resides with the family of his son, Fred H. Ford, West Court street, has received a letter from a friend at his old home in Ohio which states that the weather in that section is severe, and that even at this late period of the season that section has been visited by a snow storm.

Mr. Ford states that he is glad he is in Florida, where he can have not only health, but balmy and invigorating climate. He is delighted here, and good-naturedly declares that he expects to "live and die in Dixie."

BLOOD POISON

CURE YOURSELF AT HOME

Contagious Blood Poison begins in the most insignificant way, and with less evidence of what is to follow, than any other disease. The first symptom is usually a little sore or blister, whose appearance does not indicate that deeper down, in the blood, a treacherous and deadly poison has found its way to corrupt and vitiate the entire circulation, and later to disease the body with the most loathsome and hateful symptoms. Unless one has experienced or witnessed the terrible results of Contagious Blood Poison, no idea of its effects can be formed.

When the blood has become fully inoculated with the virus, the mouth and th ulcerate; glands in the neck and groin swell, and sometimes burst, forming ulcers; the comes out; copper colored spots appear on the body; and where the disease is allowed t main in the system it penetrates deeper and deeper, until it affects the bones, causing t to decay, and makes a complete physical wreck of its unfortunate victim.

Not only the first one who contracts the disease must suffer, but it is transmitted thro the blood from generation to generation, and innocent lives are blighted and diseased by monster poison. No other disease is so highly contagious as blood poison; in the trivial manner it may be contracted by innocent persons. Many have been inoculated the virus, and suffered the disastrous destructive effects of the poison, by a frie handshake, or by using the same t ware or toilet articles, or handling the c ing of an infected person.

I was treated for two years by blood specialists, who treated me with mercury for Blood Poison, with no good results, so I gave them up and started to use S. S. S. When I commenced its use I was covered with sores and eruptions, and was very weak and run-down. Today, I am myself again, and my skin is as clear as a baby's. I know it made a positive cure for me of Blood Poison in the very worst form, and I am making it my business to have my friends use it as I did, and already two of them are having wonderful results in the way of a cure.

I am, today, a living testimonial to the value of S. S. S. in cases of advanced Blood Poison.

HARRY BARRETT,
424 West North Avenue. Chicago, Ill.

Strong mineral medicines like merc and potash are often given to cure Co gious Blood Poison, but years of failure h proven that such treatment cannot the trouble. These medicines can mask or shut the disease up in the sys for awhile; as soon as they are left off the symptoms return in all their hideousness, the sufferer finds he has wasted valuable time, and, in addition, ruined his health these harmful drugs.

S. S. S. is the antidote for Contagious Blood Poison—the only remedy that is able to at the root of the disease and force out every particle of the poison, so that there are n any signs of its return. It can be used and a perfect cure of the disease made in privacy of your own home. Sufferers from this disease can be their own doctors, and the f years of cures made by this remedy assures them that the treatment is in every respect proper one, and that its use, together with any suggestions as to local treatm which will be furnished by our physicians free of charge, will cure the trouble per nently and privately. S. S. S. is made entirely of purifying, healing roots, herbs barks. We offer a reward of $1,000 for p that it contains a particle of mineral in form. S. S. S. goes down to the very roo the trouble, and by driving out the last trac the poison, and making the blood pure and str cures the disease thoroughly and with certai S. S. S. will also remove the effects of any eral treatment that may have been previously u

THE SWIFT SPECIFIC COMPANY, ATLANTA, G

Will Stop All Trains.

Richmond, Va., June 1.—At the office of President Garrett, of the Seaboard Air Line, it was stated that the Seaboard has officially announced its willingness to comply with the request of General Stephen D. Lee, commanding the confederate veterans of the south, that all trains on southern roads be stopped for five minutes at 2 p. m. on June 3, the birthday anniversary of Jefferson Davis, and the hour of the unveiling of the Davis monument at Richmond, provided other roads will join in and comply with General Lee's request.

Tonight.

If you would enjoy tomorrow take Chamberlain's Stomach and Liver Tablets tonight. They produce an agreeable laxative effect, clear the head and cleanse the stomach. Price, 25 cents. Samples free at all drug stores.

Decision Made on Suffrage.

Montgomery, Ala., June 1.—Attorney General Garber has ruled that a voter holding a life certificate does not have to register in order to vote in a city election. The question came up in Montgomery county.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '39, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 29 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

J. S. Bodiford & Co., Special Agents.

GAINESVILLE, FLA.

The Navy Department has ordered the gunboat Helena to Swartow, China, the scene of the revolution. Her mission is the protection of American interests and will not interfere unless necessary.

The Postoffice Department has now decided not to grant DeLand free mail delivery. It is supposed that the failure by the city to enforce the house numbering ordinance is responsible for the decision of the postal authorities.

M. H. Wyatt is the only sheriff of Manatee county that ever sprung a death trap. There has only been one legal hanging in Manatee and that one was a white man. On the 14th of June, however, a negro will have to suffer for his sins.

"History maketh a young man old without wrinkles or gray hair, giving him the experience of age without its infirmities," was a saying which Mr. J. A. MacDonald of Toledo quoted in his address before the Boston Baptist Social Union.

Seven hundred Japanese sailors were loaded into 40 automobiles to take a tour through New York City. Each carried a canteen full of water and behaved nicely. Had they been American or British tars they would have been a little more lively and louder, and wouldn't have bothered with a canteen of water (?)

The prince of Austurians recently born to the King of Spain has been christened Alfonso Pio Christino Eduordo Francisco Guillerno Carlos Enrique Eugino Fernando Antonio Venancier, and if all goes well he will some day become Alfonso XIV of Spain. We predict for him, should he not be stunted by his big name, a brilliant career.

The B. Y. P. U. Visitor, a monthly paper, four pages, published by the B. Y. P. U. Society of the First Baptist Church, has made its first appearance and is a very creditable sheet. The Visitor's editorial staff comprises Mrs. S. B. Rogers, editor-in-chief, with Misses Bessie Kelley and Bessie Bunch, R. D. Alger and Ralph D. Rader, assistants. W. C. Marsh is the business manager, with J. F. Bunch as assistant. The Visitor is a neat paper, and will no doubt prove a popular medium among the society in the interest of which it is published.

The new Denver mint is just now working overtime on an order for coins for Mexico. The Denver mint is the latest money-making factory of the Government and in consequence is equipped with the most up-to-date machinery. The present order is for six millions of fifty-centavo pieces and the entire force of the mint will be at work on this order until some time in July. Until this money is all turned out, not a penny for use of this government will be coined here. It is said by the mint authorities that the order for this coin was placed by Mexico with the United States because of the fact that the demand for money in the Southern republic at this time is greater than the mints of that country can supply. Mexico is sending silver here, and it is being sent back to that country in the shape of ready money.

MESSAGE TO DEMOCRACY.

A message has just been delivered to the Democracy that is worthy of the most careful consideration of the members of the party. The message is from Senator Rayner, who represents Maryland in the United States Senate. As Maryland is one of the States that is necessary for the Democrats to carry to win the next election, this message of advice from her most distinguished son on the course the party should pursue is the more worthy of attention.

"Of course," said Senator Rayner, "we all appreciate the fact that when a new issue arises the Democratic party must take its stand upon one side or the other, and as new issues develop parties must enlarge and expand. No one desires to restrict the Democratic party either to a dead issue or simply to those that existed at the time of its formation. Now, have we any principles? I think we have. Has the Republican party stolen them? I acquit them on the charge. I think that they are entirely innocent, and I do not believe that they have any felonious intent or design whatever to appropriate them. Is the President a Democrat? I must respectfully deny it."

Senator Rayner, after showing the lines that divide the two parties, said: "We must not yield the slightest fraction of the supremacy of the States over their own local and domestic concerns. This is our party, and we must not barter it for wealth, for progress or prosperity. Prosperity may be only temporary, but the foundation of the republic are perpetual. In the next place we are opposed to governmental paternalism. It is a reproach to Jefferson to claim that if he were living he would be in favor of it. I predict, with great respect to others who may differ with me, that the day will never come when the Government of the United States will own and operate the railroads of the country. Let us give the present railroad law a fair test and trial, and if it does not answer the purposes of its enactment let us extend its provisions and supplement its remedies so that it will meet any emergency that may arise. There is one proposition, however, that the Democratic party must contend for in this connection, and that is it must demand a complete obedience to the existing statute. The railroad presidents and officers of our trunk lines must be made, once and forever, to realize that they are the servants, and not the masters, of the people."

After suggesting a platform upon which all Democrats could unite Senator Rayner closed by saying: "If we advocate principles that are not Democratic and be again defeated at the polls, then it looks to me as if the hour of disintegration was at hand, because the only thing that has kept us alive through all the strange vicissitudes of our fortune is in the fact that we have never yet wholly abandoned the historic traditions of our faith and have never yet, upon all the pages of our history, sounded a final retreat. If the Democratic party will only follow Jeffersonian precepts and anxioms without attempting a revised edition that he would repudiate if he were living; if it will only unite upon essentials and not divide upon non-essentials; if it will only stand by the old ritual and not attempt to alter it to suit every economic clique or mongrel denomination that is willing to array itself under its banners; if it will only abandon the worship of temporary idols that are broken into fragments with the close of every campaign, and return to the worship of those cardinal principles that will remain immutable so long as the republic lasts, regardless of the fact whether parties discard them or not—then I believe that our mission is by no means ended, but that, emerging from the apathy and lethargy that now envelope us, we shall be recalled to life to resume the activities of our normal existence and to the accomplishment of our historic destiny."

When President McKinley, mortally wounded, was slowly breathing out his life, his fingers, almost nerveless then, clasped his wife's hand in that little minute the doctors granted her at his side, and he whispered, "You know you must bear up well. That is the best for both of us." For the dying woman in Canton there was no lover's hand to press hers. The voice once so potent to soothe her suffering was stilled. But her gaze in her intervals of consciousness constantly sought the eyes of "the Major," looking down on her from the picture near her bed. Deep and compelling, they seemed to carry their message. It was as if the greatest influence of her life had survived death itself, and the magnetism of the man who was for so many years her constant guard from every ill reached out still to shield her in her hour of extremity. Pictures were all that remained to Mrs. McKinley of her nearer and more intimate life. Her own face, with that of her husband beside her, shone out from the old-fashioned setting of thirty-five years ago. They were portraits taken at the time of their marriage, when, with all life before them, they bade defiance to the world of care. The grandfather and grandmother, the father and mother of Ida Saxton, all the close associates of her girlhood existence, when every hope met its full fruition only to meet untimely death, these were the faces she kept about her in the quiet of her own chamber.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

BOTH CHARGE THE OTHER.

Two Prisoners Held for Murder of Girl Declare the Other Guilty.

New York, June 1.—Two prisoners in the Jail at Long Island City denounced each other as the murderer of 15-year-old Amelia Staffeldt, who was assaulted and stabbed to death while gathering dandelions on her father's farm near Elmhurst, last week.

The men were Henry Becker, who twice made confessions regarding the crime, and subsequently repudiated them, and Leon Graham, who was arrested within a mile of the scene of the murder for assault upon 5-year-old Mamie Luck, of Corona. The police are not satisfied that Becker is mentally responsible, but believe he was concerned in the murder, with which they have also sought to connect Graham.

"He killed the Staffeldt girl," said Becker. "Graham stabbed her to death after I had knocked her down with a stone."

When Graham was told that Becker had confessed to the murder, he admitted having witnessed the crime and said: "I don't want to go to the electric chair. I did not kill that girl. I saw Becker knock her down. Then I hid behind a tree while he stabbed her with a knife. We went to a pump and washed our hands. But I never killed that little girl; he did it. After we went to the pump we separated, and I did not see the fellow again until a few minutes ago—here in jail."

Graham was arraigned on the charge of assaulting the Luck child, and was held for th egrand jury.

Four Bodies Found in Ruins.

Long Branch, N. J., June 1.—The bodies of four persons were found Friday in the ruins of the house occupied by Walter Schiffer, secretary of the United Cigar Manufacturers' company, which was destroyed by fire Thursday night. They were identified at Ruth Schiffer, 14 years of age, and Marion Schiffer, 10 years old, daughters of Mr. Schiffer, and Tilly Monthon and Mary Dilter, servants.

Bloodhounds Put on Trail.

Lexington, Ky., June 1.—Captain V. G. Milliken, of this city, with two bloodhounds Friday took up the trail of William Jones, who is charged with the murder of Stella Clemmons, an 18-year-old girl. The girl was found at Jones' house in Bath county, lying in a pool of blood with her throat cut from ear to ear. Jones was last seen going in the direction of Carlisle.

Schedule is Too Fast.

San Francisco, June 1.—The Southern Pacific, beginnig June 1, will put its overland and coast trains on a slower running schedule. Traffic has been so heavy on the various lines that it has been practically impossible to maintain the existing schedules. The difference in time will be three hours later to eastern points than under the old schedule.

Accidentally Shot Himself.

Tallulah Falls, Ga., June 1.—Jos. Stansel, a young man residing near here, accidentally shot himself in the abdomen. He is seriously wounded. On withdrawing a pistol from his pocket the hammer of the weapon caught in his clothing, causing the wound. Dr. P. Norcrop was called in to attend him. The wounded young man is resting as well as can be expected.

New Life Insurance Company.

Atlanta, June 1.—A charter was granted by the secretary of state on Thursday to the Rome Industrial Life Insurance company, with a capital stock of $25,000. The principal office of the company will be in Rome and among the charter members are J. J. Reese, J. E. Dean, O. R. Foster and G. R. Holder.

Bank of Leesburg.

Atlanta, June 1.—The Bank of Leesburg, at Leesburg, Ga., Lee county, was granted a charter by Secretary of State Philip Cook on Thursday. The capital stock is $25,000, and among the incorporators are J. P. Callaway, D. D. Hall, J. A. Lipsey, A. W. Goodwin, J. R. Long, J. M. Hines and H. R. Stovall.

Will Dismantle Fortress.

Paris, June 1.—The Petit Parisienne's St. Petersburg correspondent telegraphs that the Russian government has decided to dismantle the Vladivostok fortresses.

Manchesters Sail for Europe.

New York, June 1.—The duke and duchess of Manchester, Eugene Zimmerman, father of the duchess, and Edwin Gould and family, sailed for Europe Friday on the steamer Celtic.

PROGRESS OF THE SOUTH.

Wonderful Advancements in Every Line of Business.

Baltimore, June 1.—Mr. Summerfield Baldwin, of Baltimore, has recently made a tour of inspection of a number of cotton mills in the Piedmont section of the Carolinas and Georgia and is much impressed with the wonderful advancements in most every line of business, but especially in the cotton mills and in municipal improvements. In an interview with the Manufacturers' Record this week he says:

"All of the mills more recently erected are equipped with modern buildings, with houses and grounds surrounding them, the latter being attractively laid off. The mill villages everywhere are being greatly improved, having streets well paved and lighted and with sidewalks in most cases equal to those found anywhere. New residences and stores and other buildings are to be noted in all of them. All of the mills, as far as my observation led, are being run successfully, intelligently and in a most up-to-date manner. The average equipment of the southern cotton mills today in the way of buildings and machinery is higher than that of northern mills, this being due to the fact that the buildings constructed at a later date have embodied in them the very latest improvements and are designed especially for the most modern machinery."

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

Aeronauts' Fate a Mystery.

London, June 1.—The fate of the two lieutenants of engineers who ascended from Aldershot in a military balloon May 28, during the review in honor of Prince Fushimi of Japan, still remains a mystery. The war office has not received any news since the inquiries made during the night dispelled the illusion that the aeronauts had arrived at the Scilly isles. Warships are cruising in the channel in the hope of obtaining some clew to the officers' fate.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

Games Were Postponed.

New Orleans, June 1.—The gulf states tennis championship in doubles and singles which were to be decided Friday were postponed on account of wet grounds. Both events had reached the finals, New Orleans players being pitted against Atlanta title holders in each instance.

CAPUDINE

CURES COLDS AND GRIPPE It removes the cause, soothes the nerves and relieves the aches and Feverishness. It cures all **headaches** and Neuralgia also. No bad effects. 10c, 25c and 50c bottles. (LIQUID.)

...ives Numerous, and Whiskey Seems Their Main Object.

EGRO PREACHER IN COURT

... Was Arrested for Stealing Whiskey, Plead Guilty and Paid His Fine. Another Negro Sent Up, and Still Another Has Case Appealed.

The love of John Nicholson, a ... Springs negro, for booze, "any ... brand," has got him into trouble, ... there is no telling where the ...uble will end, as he has been ar...igned in Justice Bexley's court at ... Springs upon a charge of steal... liquor from the freight house of ... Atlantic Coast Line, and has been ...victed. His attorney, T. B. Ellis, ..., however, has taken an appeal, ... in the meantime Nicholson is ...ming about the streets of High ...ings under bond.

Nicholson has been employed for ...e time at the freight depot of the ...antic Coast Line at High Springs. ...most as long has he been sus...ted of stealing whiskey which was ...signed to that town, and which ...urally was stored in the depot. ...eral times it is alleged boxes of ...iskey have been broken into and ...t of the contents removed, which ...ally resulted in the arrest of Nich...on, in the possession of whom it is ... there were four half-pint pack...es.

The man was arraigned before Jus... Bexley, and there appeared to be ...tle trouble in proving him guilty. ... appeal was taken, however, and ...re the case rests.

Attorney C. R. Layton represented ... railroad in the prosecution. At...rney Layton states that the practice ... stealing, especially whiskey, has ...en going on in High Springs for a ...g time, although it seems difficult ... apprehend the thieves. Three have ...en caught within the past week, ...wever, all for the larceny of whis...y. One of those apprehended, and ...o pleaded guilty in the court, was ... colored preacher. He was assessed ... fine of $25 and costs, which was ...mptly paid.

'FRISCO GRAFT EXPOSURE.

Statement of Assistant District Attorney Heney.

San Francisco, June 1—In a statement issued at a late hour Friday night, Assistant District Attorney Francis J. Heney, head of the graft prosecutions, outlines the policy of the men who have made possible the indictment of nearly a score of San Francisco wealthy capitalists, denounces as malicious falsehoods the charges which have been made that the prosecutors are influenced by political motives and openly charges that some of the most powerful financial interests of the country have been brought into the battle on the side of the alleged bribe givers.

Heney declares that the greatest crisis in the graft exposure is now at hand and that the greatest crisis in the history of San Francisco is side by side with it. He charged that President Patrick Calhoun, of the United Railroads, has sought the aid of the wealthiest bankers and merchants of the city to free him from the clutches of the prosecution and prevent his having to pay the penalty for his alleged crimes. A meeting was held a short time ago, he says, at which Calhoun called together a number of the heads of the largest San Francisco banks and sought their aid through a thinly veiled request for backing in the carrying cars through. The influence which he set at work to injure the prosecution, Heney says has been hampering the prosecutors to a certain extent and that they have raised a sentiment of doubt as to the real motives behind the investi... as to real motives behind the investigation and he calls upon the citizens of San Francisco to give their fullest assistance to the work that is still to be done.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

To Our Friends and Patrons.

Since making our announcement that we would close our banking business to take effect on June 15th, 1907, we have sold our building, fixtures and vaults to W. R. Thomas, G. K. Broome, H. F. Dutton, C. W. Chase, J. H. Vidal, S. J. Thomas and J. B. Padgett, well-known business men in this city and county, who will organize a banking company to be conducted in this building. In order that there may be no discontinuance of the banking business in this building, we have decided to continue our business until the organization of the new company and we respectively ask our friends and patrons who have so kindly done business with us to continue their business with the new firm. It will be managed by wise and conservative business men whom we have known in a business way for years, and we bespeak for them a liberal patronage. As advised in our circular letter of the 18th, all checks will be paid without interruption, and certificates of deposits redeemed, with interest, on presentation.

H. F. DUTTON & COMPANY.

May 22nd, 1907.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY ....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

.....THE PLAN IN OUTLINE.....

A HANDSOME NICKEL POCKET SAVINGS BANK and an order on

PHIFER BROS., BANKERS

Good for an additional 25 cents when a deposit of one dollar or more in cash is made, will be given to everyone who avail themselves of this opportunity. Make an investigation and you will never regret it.
